COMMITTEES OF THE BOARD OF DIRECTORS

The Board currently has three standing committees: the Audit Committee, the Valuation Committee and the Nominating, Corporate Governance and Compensation Committee (the “Nominating Committee”).

- *Audit Committee.* Messrs. Cordes, Richey and Thacker, each an Independent Director, serve on the Audit Committee. Mr. Cordes currently serves as Chairman of the Audit Committee. The Audit Committee operates under a written charter (the “Audit Committee Charter”), which was adopted and approved by the Board and established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the “1934 Act”). The Audit Committee Charter conforms to the applicable listing standards of the New York Stock Exchange (the “NYSE”). The Audit Committee Charter is available on the Company’s website (www.kaynefunds.com). The Audit Committee, among others, approves and recommends to the Board the election, retention or termination of the Company’s independent auditors; approves services to be rendered by such auditors; monitors and evaluates each auditors’ performance; reviews the results of the Company’s audit; determines whether to recommend to the Board that the Company’s audited financial statements be included in the Company’s Annual Report; monitors the accounting and reporting policies and procedures of the Company and the Company’s compliance with regulatory requirements; and responds to other matters as outlined in the Audit Committee Charter. Each Audit Committee member is “independent” under the applicable NYSE listing standard.
- *Valuation Committee.* Messrs. Pearl, Richey, Thacker and McCarthy serve on the Valuation Committee. The Valuation Committee is responsible for the oversight of the Company’s valuation procedures and the valuation of the Company’s securities in accordance with such procedures. The Valuation Committee operates under a written charter adopted and approved by the Board, a copy of which is available on the Company’s website (www.kaynefunds.com).
- *Nominating Committee.* Messrs. Cordes, Pearl, Richey and Thacker, each an Independent Director, are members of the Nominating Committee. The Nominating Committee is responsible for appointing and nominating Independent Directors to the Board. Each Nominating Committee member is “independent” under the applicable NYSE listing standards. The Nominating Committee operates under a written charter adopted and approved by the Board (the “Nominating Committee Charter”), a copy of which is available on the Company’s website (www.kaynefunds.com). The Nominating Committee has not established specific, minimum qualifications that must be met by an individual for the Nominating Committee to recommend that individual for nomination as a director. The Nominating Committee expects to seek referrals for candidates to consider for nomination from a variety of sources, including current directors, the Company’s management, investment adviser and counsel, will consider nominees properly recommended by stockholders, and may also engage a search firm to identify or evaluate or assist in identifying or evaluating candidates. As set forth in the Nominating Committee Charter, in evaluating candidates for a position on the Board, the Nominating Committee considers a variety of factors, including, as appropriate:
 - the candidate’s knowledge in matters relating to the investment company or to the energy industry;
 - any experience possessed by the candidate as a director or senior officer of public companies;
 - the candidate’s educational background;
 - the candidate’s reputation for high ethical standards and personal and professional integrity;
 - any specific financial, technical or other expertise possessed by the candidate, and the extent to which such expertise would complement the Board’s existing mix of skills and qualifications;

- the candidate’s perceived ability to contribute to the ongoing functions of the Board, including the candidate’s ability and commitment to attend meetings regularly and work collaboratively with other members of the Board;
- the candidate’s ability to qualify as an independent director for purposes of the 1940 Act, the candidate’s independence from the Company’s service providers and the existence of any other relationships that might give rise to a conflict of interest or the appearance of a conflict of interest; and
- such other factors as the Nominating Committee determines to be relevant in light of the existing composition of the Board and any anticipated vacancies or other transitions (*e.g.*, whether or not a candidate is an “audit committee financial expert” under the federal securities laws).

The Nominating Committee also considers diversity, including gender, race and national origin, education, professional experience, skills and viewpoints in identifying nominees for director. The Nominating Committee does not have a formal policy with respect to diversity; however, the Board and the Nominating Committee believe that it is important that the Board members represent diverse skills, backgrounds, experiences and perspectives.

Prior to making a final recommendation to the Board, the Nominating Committee may conduct personal interviews with the candidates it believes to be the most qualified.

If there is no vacancy on the Board, the Board will not actively seek recommendations from other parties, including stockholders. When a vacancy on the Board occurs and nominations are sought to fill such vacancy, the Nominating Committee may seek nominations from those sources it deems appropriate in its discretion, including the Company’s stockholders.

The Nominating Committee considers nominees properly recommended by stockholders. To submit a recommendation for nomination as a candidate for a position on the Board, stockholders shall mail the recommendation to the Secretary of the Company at 717 Texas Avenue, Suite 3100, Houston, TX 77002. Such recommendation shall include the following information: (a) evidence of stock ownership of the person or entity recommending the candidate; (b) a full description of the proposed candidate’s background, including his or her education, experience, current employment, and date of birth; (c) names and addresses of at least three professional references for the candidate; (d) information as to whether the candidate is an “interested person” in relation to the Company, as such term is defined in the 1940 Act, and such other information that may be considered to impair the candidate’s independence; and (e) any other information that may be helpful to the Nominating Committee in evaluating the candidate.

Any such recommendation must contain sufficient background information concerning the candidate to enable the Nominating Committee to make a proper judgment as to the candidate’s qualifications. If a recommendation is received with satisfactorily completed information regarding a candidate during a time when a vacancy exists on the Board or during such other time as the Nominating Committee is accepting recommendations, the recommendation will be forwarded to the Chair of the Nominating Committee and will be evaluated in the same manner as other candidates for nomination. Recommendations received at any other time will be kept on file until such time as the Nominating Committee is accepting recommendations, at which point they may be considered for nomination.

The Board believes that each of its directors has the qualifications, experience, attributes and skills (“Director Attributes”) appropriate to their continued service as directors of the Company in light of the Company’s business and structure. Each of the directors has a demonstrated record of business and/or professional accomplishment that indicates that they have the ability to critically review, evaluate and access information provided to them. Certain of these business and professional experiences are set forth in detail in the tables above under “Information Regarding Nominee and Directors.” Each of the directors has served on KED’s Board for a number of years. In addition, all of the directors have served as members of the board of other public companies, non-profit entities or other organizations. They therefore have substantial boardroom experience and, in their service to the Company, have gained substantial insight into its operation and have demonstrated a commitment to discharging oversight duties as directors in the interests of stockholders.

In addition to the information provided in the tables above, certain additional information regarding the directors and their Director Attributes is provided below. The information provided below, and in the tables above, is not all-inclusive. Many Director Attributes involve intangible elements, such as intelligence, integrity and work ethic, along with the ability to work with other members of the Board, to communicate effectively, to exercise judgment and to ask incisive questions, and commitment to stockholder interests. The Board annually conducts a self-assessment wherein the effectiveness of the Board and individual directors is reviewed. In conducting its annual self-assessment, the Board has determined that the directors have the appropriate attributes and experience to continue to serve effectively as directors of the Company.

Kevin S. McCarthy. Mr. McCarthy is Chairman, President and Chief Executive Officer of the Company. In this position, Mr. McCarthy has extensive knowledge of the Company, its operations, personnel and financial resources. Mr. McCarthy earned a B.A. in Economics and Geology from Amherst College in 1981 and an M.B.A. in Finance from the Wharton School at the University of Pennsylvania in 1984. Mr. McCarthy’s position of influence and responsibility at the Company and at KAFA, combined with his experience advising energy companies as an investment banker, make him a valued member of the Board.

William R. Cordes. Mr. Cordes has worked in the natural gas industry for more than 35 years, including positions as Chief Executive Officer of Northern Border Partners, L.P. (now ONEOK Partners, L.P.) and President of Northern Natural Gas Company and Transwestern Pipeline Company. Required Vote

The election of Messrs. McCarthy and Thacker as Class III Directors under this proposal requires the affirmative vote of the holders of a majority of the Company's Common Stock outstanding as of the Record Date. For purposes of this proposal, each share of Common Stock is entitled to one vote.

Abstentions, if any, will have the same effect as votes against the elections of Messrs. McCarthy and Thacker although they will be considered present for purposes of determining the presence of a quorum at the Annual Meeting.

In uncontested elections of directors, brokers are permitted by applicable regulations to vote shares as to which instructions have not been received from the beneficial owners or the persons entitled to vote. For this reason, it is anticipated that there will be few, if any, broker "non-votes" in connection with this proposal. However, broker non-votes, if any, will have the same effect as a vote against the nominee, although they would be considered present for purposes of determining a quorum.

BOARD RECOMMENDATION

THE BOARD, INCLUDING ALL OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THE ELECTIONS OF THE NOMINEES TO THE BOARD.

PROPOSAL TWO

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee and the Board, including all of the Independent Directors, have selected PricewaterhouseCoopers LLP as the independent registered public accounting firm for the Company for the year ending November 30, 2012 and are submitting the selection of PricewaterhouseCoopers LLP to the stockholders for ratification.

PricewaterhouseCoopers LLP has audited the financial statements of the Company since inception and has informed the Company that it has no direct or indirect material financial interest in the Company or in Kayne Anderson.

A representative of PricewaterhouseCoopers LLP will be available at the Annual Meeting to make a statement, if such representative so desires, and to respond to stockholders' questions.

The Audit Committee normally meets two times each year with representatives of PricewaterhouseCoopers LLP to discuss the scope of their engagement, review the financial statements of the Company and the results of their examination.

INDEPENDENT ACCOUNTING FEES AND POLICIES

Audit and Related Fees

The following table sets forth the approximate amounts of the aggregate fees billed to the Company for the fiscal years ended November 30, 2011 and 2010, respectively, by PricewaterhouseCoopers LLP:

	<u>2011</u>	<u>2010</u>
Audit Fees(1)	\$243,400	\$222,000
Audit-Related Fees(2)	—	—
Tax Fees(3)	159,000	159,000
All Other Fees	—	—
Aggregate Non-Audit Fees(4)	—	—

- (1) For professional services rendered with respect to the audit of the Company's annual financial statements and the quarterly review of the Company's financial statements.
- (2) For professional services rendered with respect to assurance and related services reasonably related to the performance of the audits of the Company's annual financial statements not included in "Audit Fees" above.
- (3) For professional services for tax compliance, tax advice and tax planning.
- (4) Neither the Company, nor KAFA or any entity controlling, controlled by, or under common control with KAFA that provides ongoing services to the Company, was billed by PricewaterhouseCoopers LLP for any non-audit services during the fiscal years ended November 30, 2011 and 2010.

Audit Committee Pre-Approval Policies and Procedures

Before the auditor is engaged by the Company to render audit, audit-related or permissible non-audit services to the Company, either: (a) the Audit Committee shall pre-approve such engagement; or (b) such engagement shall be entered into pursuant to pre-approval policies and procedures established by the Audit Committee. Before any non-audit services may be provided by the auditor to Kayne Anderson or any entity in the investment company complex (*i.e.*, the Company, Kayne Anderson and any entity controlled by, controlling or under common control with Kayne Anderson if such entity is an investment adviser or is engaged

in the business of providing administrative, custodian, underwriting or transfer agent services to the Company or Kayne Anderson), if the nature of the services to be provided relate directly to the Company's operations or financial reporting, such non-audit services must be pre-approved by the Audit Committee. Any pre-approval policies and procedures established by the Audit Committee must be detailed as to the particular service and not involve any delegation of the Audit Committee's responsibilities to Kayne Anderson. The Audit Committee may delegate to one or more of its members the authority to grant pre-approvals. The pre-approval policies and procedures shall include the requirement that the decisions of any member to whom authority is delegated under this provision shall be presented to the full Audit Committee at its next scheduled meeting. Under certain limited circumstances, pre-approvals are not required if certain *de minimis* thresholds are not exceeded, as such thresholds are set forth by the Audit Committee and in accordance with applicable SEC rules and regulations.

For engagements with PricewaterhouseCoopers LLP, the Audit Committee approved in advance all audit services and non-audit services, if any, that PricewaterhouseCoopers LLP provided to the Company and to Kayne Anderson (with respect to the Company's operations and financial reporting). None of the services rendered by PricewaterhouseCoopers LLP to the Company or Kayne Anderson were pre-approved by the Audit Committee pursuant to the pre-approval exception under Rule 2.01(c)(7)(i)(C) or Rule 2.01(c)(7)(ii) of Regulation S-X. The Audit Committee has considered and concluded that the provision of non-audit services rendered by PricewaterhouseCoopers LLP to Kayne Anderson and any entity controlling, controlled by, or under common control with Kayne Anderson that were not required to be pre-approved by the Audit Committee is compatible with maintaining PricewaterhouseCoopers LLP's independence.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors (the "Board") is responsible for assisting the Board in monitoring (1) the accounting and reporting policies and procedures of the Company, (2) the quality and integrity of the Company's financial statements, (3) the Company's compliance with regulatory requirements, and (4) the independence and performance of the Company's independent auditors and any internal auditors. Among other responsibilities, the Audit Committee reviews, in its oversight capacity, the Company's annual financial statements with both management and the independent auditors, and the Audit Committee meets periodically with the independent auditors and any internal auditors to consider their evaluation of the Company's financial and internal controls. The Audit Committee also selects, retains and evaluates and may replace the Company's independent auditors and determines their compensation, subject to ratification of the Board, if required. The Audit Committee is currently composed of three Directors. The Audit Committee operates under a written charter (the "Audit Committee Charter") adopted and approved by the Board, a copy of which is available on the Company's website (www.kaynefunds.com). Each Audit Committee member is "independent" as defined by New York Stock Exchange listing standards.

The Audit Committee, in discharging its duties, has met with and held discussions with management and the Company's independent auditors and any internal auditors. The Audit Committee has reviewed and discussed the Company's audited financial statements with management. Management has represented to the independent auditors that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the U.S. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee has received the written disclosures and the letter from the Company's independent auditors required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditors' communications with the Audit Committee concerning independence, and has discussed with the independent auditors the independent auditors'

independence. As provided in the Audit Committee Charter, it is not the Audit Committee's responsibility to determine, and the considerations and discussions referenced above do not ensure, that the Company's financial statements are complete and accurate and presented in accordance with accounting principles generally accepted in the U.S.

Based on the Audit Committee's review and discussions with management and the independent auditors, the representations of management and the report of the independent auditors to the Audit Committee, the Audit Committee has recommended that the Board include the audited financial statements in the Company's Annual Report on Form N-CSR for the fiscal year ended November 30, 2011 filed with the Securities and Exchange Commission.

Submitted by the Audit Committee:

William R. Cordes
Albert L. Richey

PROPOSAL THREE
APPROVAL TO SELL SHARES OF COMMON STOCK AT A
PRICE BELOW NET ASSET VALUE PER SHARE

Summary

The 1940 Act prohibits the Company from selling shares of its common stock at a net price, after deducting underwriting fees, commissions and offering expenses, below the current net asset value (“NAV”) per share of such stock, except with the consent of a majority of the Company’s common stockholders or under certain other circumstances. The Company may be presented with potential investments that KAFA believes are sufficiently attractive to justify selling shares of the Company’s common stock at a price below its then-current NAV per share, which could be made only if the Company raises additional capital in that manner. The Board is seeking the required stockholder approval so the Company may sell shares of its common stock at a price below its then-current NAV per share, subject to certain conditions discussed below. If approved, the authorization would be effective for a period expiring on the date of the Company’s 2013 Annual Meeting of Stockholders, which is expected to be held in June 2013.

Rationale

The Company expects that it will be periodically presented with opportunities to acquire securities at attractive prices that may lead to an increase in the Company’s long-term NAV, including securities of privately-held companies and publicly traded securities purchased at a discount to current market value in negotiated transactions. The Company believes that having the ability to issue its common stock at a price below NAV could benefit its stockholders by providing it with the flexibility to enter into such negotiated transactions, which have the potential to increase the Company’s long-term NAV per share.

These negotiated transactions often require the Company to commit capital in a relatively short period of time, and such commitments cannot be contingent upon future financings. Because the Company generally attempts to remain fully invested and does not intend to maintain cash for the purpose of making these investments, the Company may be unable to capitalize on investment opportunities presented to it unless it is confident that it can raise equity capital without seeking stockholder approval on a case-by-case basis.

NAV and Share Price History of the Company’s Common Stock

The Company’s common stock has traded both at a premium and at a discount in relation to its NAV per share. The following table sets forth a comparison of the Company’s NAV per share and the comparable closing price of its Common stock per share, as reported on the NYSE, as of the last day of each fiscal quarter for the past three years.

Conditions for Selling the Company's Common Stock at a Price Below NAV

If this proposal is approved, the Company does not anticipate selling its common stock at a price below its NAV unless it has identified attractive near-term investment opportunities that KAFA reasonably believes will lead to a long-term increase in NAV. In determining whether or not to sell additional shares of the Company's common stock at a price below the NAV per share, the Board of Directors will have duties to act in the best interest of the Company and its stockholders. To the extent the Company issues shares of its common stock at a price below NAV in a publicly registered transaction, the Company's market capitalization and the amount of its publicly tradable common stock will increase, thus affording all common stockholders greater liquidity.

The Company will only sell shares of its common stock at a price below NAV per share if both of the following conditions are met:

1. A majority of the Company's Independent Directors makes a determination, based on information and a recommendation from KAFA, that they reasonably expect that the investment(s) to be made with the net proceeds of such issuance will lead to a long-term increase in NAV.
2. Immediately following the offering of common stock, after deducting offering expenses and underwriting fees and commissions, the NAV per share of the Company's common stock, as determined at any time within two business days before pricing of such common stock offering, would not have been diluted by greater than a total of 5% of such value per share of all outstanding common stock. The Company will not be subject to a maximum number of shares that can be sold or a defined minimum sales price per share in any offering so long as the aggregate number of shares offered and the price at which such shares are sold in one or a series of related transactions together would not result in dilution of the NAV per share of the Company's common stock in excess of the 5% limitation.

Factors to Consider

Before voting on this proposal or giving proxies with regard to this matter, common stockholders of the Company should consider the potentially dilutive effect of the issuance of shares of the Company's common stock at a price less than NAV per share on the NAV per share of common stock then-outstanding. Any sale of common stock at a price below NAV would result in an immediate dilution to existing common stockholders. Common stockholders of the Company should also consider that holders of the Company's common stock have no subscription, preferential or pre-emptive rights to additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock will dilute such stockholders' holdings of common stock as a percentage of shares outstanding.

The two examples below assume that the Company has an NAV of \$24.54 per share with 10.4 million shares outstanding and that the underwriting fees, commissions and expenses are 5% of the gross offering price per share.

Example 1. A gross offering price of \$22.09 per share (10% below NAV) would result in a net offering price of \$20.98 per share after deducting the underwriting fees, commissions and expenses. The maximum number of shares that the Company could issue in this example is 5.5 million shares before reaching the cap of 5% dilution to NAV per share, or \$1.23 per share.

Example 2. A gross offering price of \$19.63 per share (20% below NAV) would result in a net offering price of \$18.65 per share after deducting the underwriting fees, commissions and expenses. The maximum number of shares that the Company could issue in this example is approximately 2.7 million shares before reaching the cap of 5% dilution to NAV per share, or \$1.23 per share.

As discussed above, the Company will only sell shares of its common stock at a net price below NAV per share so long as the relevant offering would not result in dilution of the NAV per share in excess of 5%. However, it is possible that the Company could effect multiple offerings of its common stock, each of which would meet the 5% limitation, but which would cumulatively result in a dilutive effect of greater than 5% of the NAV per share. The Company intends to consider any series of related transactions as one transaction for the purposes of the 5% limit on NAV dilution.

Example of Dilutive Effect of Issuance of Shares Below NAV

The following table illustrates the reduction to NAV and the dilution experienced by Stockholder A following the sale of 1,000,000 shares of common stock at a gross offering price of \$22.09 per share (10% below NAV) and that underwriting fees, commissions and expenses are equal to 5% of the gross offering price per share.

	<u>Prior to Sale Below NAV</u>	<u>Following Sale Below NAV</u>	<u>Percentage Change</u>
Reduction to NAV			
Total Shares Outstanding	10,400,000	11,400,000	9.62%
NAV per Share	\$ 24.54	\$ 24.23	(1.26)%
Dilution to Stockholder A			
Shares Held by Stockholder A(1)	100,000	100,000	0.00%
Percentage Held by Stockholder A	0.96%	0.88%	(8.33)%
NAV Attributable to Interests of Stockholder A	\$ 2,454,000	\$ 2,423,000	(1.26)%

(1) Assumes that Stockholder A does not purchase additional shares in the equity offering of shares below NAV.

The issuance of the additional shares of common stock will also have an effect on the gross amount of management fees paid by the Company to KAFA. The Company’s investment advisory agreement with KAFA provides for a management fee payable to KAFA as compensation for managing the investment portfolios of the Company computed as a percentage of assets under management. The increase in the Company’s asset base that would result from any issuance of shares of common stock proposed to be authorized by common stockholders in this proposal would increase assets of the Company under management, and would cause a corresponding increase in the gross amount of management fees paid to KAFA, but would not increase or decrease the management fee as a percentage of assets under management. However, by increasing the size of the Company’s asset base and number of shares outstanding, the Company may be able to reduce its fixed expenses both as a percentage of total assets and on a per share basis.

Required Vote

The approval of this proposal requires:

- (1) the affirmative vote of a majority of all holders of the Company’s Common Stock on the records of the Company’s transfer agent (“Registered Common Stockholders”) as of the Record Date (the “Registered Common Stockholder Vote”), and
- (2) the affirmative vote of a majority of the votes cast by the holders of the Company’s Common Stock outstanding as of the Record Date (the “Majority Stockholder Vote”).

For purposes of the Registered Common Stockholder Vote, abstentions will have the effect of votes “AGAINST” this proposal; and broker non-votes are not relevant for this vote because no brokers are “stockholders of record” with the transfer agent.

Brokers hold shares through a nominee “stockholder of record” that does not vote, effectively resulting in a vote “AGAINST” for purposes of the Registered Common Stockholder Vote. For purposes of the Majority Stockholder Vote, abstentions will have the effect of votes “AGAINST” this proposal, and broker non-votes will have no effect on the outcome.

The vast majority of shareholders hold their shares beneficially through brokers and are not Registered Common Stockholders. In fact, as of March 31, 2012 the Company had only 15 Registered Common Stockholders, including the nominee used by brokers.

Stockholders should note that various affiliates of Kafa, such as its officers and employees, are Registered Common Stockholders of the Company and intend to participate in the Registered Common Stockholder Vote. Because there are so few Registered Common Stockholders, these affiliates represent a substantial percentage of the total number of the Company’s Registered Common Stockholders. For that reason, votes cast by these affiliates will likely determine whether this proposal is approved pursuant to the Registered Common Stockholder Vote. In order to mitigate the conflict of interest these affiliates may have in voting for this proposal pursuant to the Registered Common Stockholder Vote, each such affiliate intends to vote in favor of this proposal pursuant to the Registered Common Stockholder Vote only if this proposal is approved pursuant to the Majority Stockholder Vote. Using this method, the approval of the proposal is likely to be determined by the Majority Stockholder Vote.

BOARD RECOMMENDATION

THE BOARD, INCLUDING ALL OF THE INDEPENDENT DIRECTORS, UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS OF THE COMPANY VOTE “FOR” THE PROPOSAL TO ALLOW THE COMPANY TO SELL SHARES OF ITS COMMON STOCK AT A PRICE BELOW NAV PER SHARE.

COMPENSATION DISCUSSION AND ANALYSIS

Pursuant to an investment management agreement between the Company and KAFA (the Company's external manager), KAFA is responsible for supervising the investments and reinvestments of the Company's assets. KAFA, at its own expense, maintains staff and employs personnel as it determines is necessary to perform its obligations under the investment management agreement. The Company pays various management fees to KAFA for the advisory and other services performed by KAFA under the investment management agreement.

The executive officers who manage the Company's regular business are employees of KAFA or its affiliates. Accordingly, the Company does not pay salaries, bonuses or other compensation to its executive officers. The Company does not have employment agreements with its executive officers. The Company

does not provide pension or retirement benefits, perquisites, or other personal benefits to its executive officers. The Company does not maintain compensation plans under which its equity securities are authorized for issuance. The Company does not have arrangements to make payments to its executive officers upon their termination or in the event of a change in control of the Company.

The investment management agreement for the Company does not require Kafa to dedicate specific personnel to fulfilling its obligation to the Company under the investment management agreement, or require Kafa personnel to dedicate a specific amount of time to the management of the Company. In their capacities as executive officers or employees of Kafa or its affiliates, they devote such portion of their time to the Company's affairs as required for the performance of Kafa's duties under the investment management agreement.

The Company's executive officers are compensated by Kafa. The Company understands that Kafa takes into account the Company's performance as a factor in determining the compensation of certain of its senior managers, and such compensation may be increased depending on the Company's performance. In addition to compensation for services performed for the Company, certain of the executive officers receive compensation for services performed for Kafa's various investment funds. However, Kafa cannot segregate and identify that portion of the compensation awarded to, earned by or paid to the Company's executive officers that relates exclusively to their services to the Company.

SECURITY OWNERSHIP OF MANAGEMENT AND CERTAIN BENEFICIAL OWNERS

The following tables set forth the number of shares of the Company's Common Stock (as of March 31, 2012) beneficially owned by the Company's current directors and executive officers as a group, and certain other beneficial owners, according to information furnished to the Company by such persons. Based on statements publicly filed with the SEC and other information obtained from such persons, as of March 31, 2012, the Company is aware of two persons who beneficially own more than 5% of its outstanding Common Stock. Beneficial ownership is determined in accordance with Rule 13d-3 under the 1934 Act and, unless indicated otherwise, includes voting or investment power with respect to the securities.

As of March 31, 2012, the Independent Directors did not own beneficially or of record any class of securities of the underwriters of the offerings of the Company's Common Stock or any class of securities of any person directly or indirectly controlling, controlled by, or under common control with such underwriters.

As of March 31, 2012, certain officers and certain employees of Kayne Anderson, including all the executive officers of Company, own, in the aggregate, approximately \$4 million of the Company's Common Stock.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 30(h) of the 1940 Act and Section 16(a) of the 1934 Act require the Company's directors and executive officers, investment adviser, affiliated persons of the investment adviser and persons who own more than 10% of a registered class of the Company's equity securities to file Section 16(a) forms with the SEC and NYSE reporting their affiliation with the Company, their ownership and changes in their ownership of the Company's shares. Those persons and entities are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of those Section 16(a) forms furnished to it, the Company believes that its directors and executive officers, KAFA, and affiliated persons of KAFA have complied with all applicable Section 16(a) filing requirements during the fiscal year ended November 30, 2011. To the knowledge of the Company's management, no person owned beneficially more than 10% of the Company's Common Stock during the fiscal year ended November 30, 2011.

CORPORATE GOVERNANCE

Board Leadership Structure

The Company's business and affairs are managed under the direction of its Board, including the duties performed for the Company pursuant to its investment management agreement. Among other things, the Board sets broad policies for the Company, approves the appointment of the Company's investment adviser, administrator and officers, and approves the engagement, and reviews the performance of the Company's independent registered public accounting firm. The role of the Board and of any individual director is one of oversight and not of management of the day-to-day affairs of the Company.

The Board currently consists of six directors, four of whom are Independent Directors. As part of each regular Board meeting the Independent Directors meet separately from Kayne Anderson and, as part of at least one Board meeting each year, with the Company's Chief Compliance Officer. The Board reviews its leadership structure periodically as part of its annual self-assessment process and believes that its structure is appropriate to enable the Board to exercise its oversight of the Company.

Under the Company's Amended and Restated Bylaws, the Board may designate a Chairman to preside over meetings of the Board and meetings of stockholders, and to perform such other duties as may be assigned to him or her by the Board. The Company does not have an established policy as to whether the Chairman of the Board shall be an Independent Director and believes that having the flexibility to designate its Chairman and reorganize its leadership structure from time to time is in the best interests of the Company and its stockholders.

Presently, Mr. McCarthy serves as Chairman of the Board. Mr. McCarthy is an "interested person" of the Company, as defined in the 1940 Act, by virtue of his employment relationship with Kayne Anderson. The Company believes that Mr. McCarthy's history with the Company, familiarity with the Kayne Anderson investment platform and extensive experience in the field of energy-related investments qualifies him to serve as the Chairman of the Board. The Board has determined that the composition of the Audit and Nominating Committees being Independent Directors only is an appropriate means to address any potential conflicts of interest that may arise from the Chairman's status as an interested person of the Company. The Board believes that its Board leadership structure — having the Chief Executive Officer serve as Chairman of the Board and Audit and Nominating Committees comprised solely of Independent Directors — is the optimal structure for the Company at this time. Because the Chief Executive Officer has the most extensive knowledge of the various aspects of the Company's business and is directly involved in managing both the day-to-day operations and long-term strategy of the Company, the Board has determined that Mr. McCarthy is the most qualified individual to lead the Board and serve in the key position as Chairman. The Board has also concluded that this structure allows for efficient and effective communication with the Board.

Currently, the Board does not have a designated lead Independent Director. Instead, all of the Independent Directors play an active role serving on the Board. The Independent Directors constitute a majority of the Board and are closely involved in all material deliberations related to the Company. The Board believes that, with these practices, each Independent Director has an equal stake in the Board's actions and oversight role and equal accountability to the Company and its stockholders.

Board Role in Risk Oversight

The Board oversees the services provided by Kayne Anderson, including certain risk management functions. Risk management is a broad concept comprised of many disparate elements (such as, for example, investment risk, issuer and counterparty risk, compliance risk, operational risk and business continuity risk). Consequently, Board oversight of different types of risks is handled in different ways, and the Board implements its risk oversight function both as a whole and through Board committees. In the course of

providing oversight, the Board and its committees receive reports on the Company's activities, including those related to the Company's investment portfolio and its financial accounting and reporting. The Board also meets at least quarterly with the Company's Chief Compliance Officer, who reports on the compliance of the Company with the federal securities laws and the Company's internal compliance policies and procedures. The meetings of the Audit Committee with the Company's independent registered public accounting firm also contribute to Board oversight of certain internal control risks. In addition, the Board meets periodically with representatives of the Company and Kayne Anderson to receive reports regarding the management of the Company, including those related to certain investment and operational risks, and the Independent Directors of the Company are encouraged to communicate directly with senior management.

The Company believes that Board roles in risk oversight must be evaluated on a case-by-case basis and that the Board's existing role in risk oversight is appropriate. Management believes that the Company has robust internal processes in place and a strong internal control environment to identify and manage risks. However, not all risks that may affect the Company can be identified or processes and controls developed to eliminate or mitigate their occurrence or effects, and some risks are beyond any control of the Company or Kayne Anderson, its affiliates or other service providers.

Diversity in Nominees for Director

The Nominating Committee evaluates candidates' qualifications for Board membership. The Nominating Committee takes into account the diversity of a particular candidate and the overall diversity of the Board when considering and evaluating candidates for Director. While the Nominating Committee has not adopted a particular definition of diversity or a particular policy with regard to the consideration of diversity in identifying candidates, when considering a candidate's and the Board's diversity, the Nominating Committee generally considers the manner in which each candidate's leadership, independence, interpersonal skills, financial acumen, integrity and professional ethics, educational and professional background, prior director or executive experience, industry knowledge, business judgment and specific experiences or expertise would compliment or benefit the Board and, as a whole, contribute to the ability of the Board to oversee the Company. The Nominating Committee may also consider other factors or attributes as it may determine appropriate in its judgment. The Nominating Committee believes that the significance of each candidate's background, experience, qualifications, attributes or skills must be considered in the context of the Board as a whole. As a result, the Nominating Committee has not established any litmus test or quota relating to diversity that must be satisfied before an individual may serve as a director. The Board believes that Board effectiveness is best evaluated at a group level, through its annual self-assessment process. Through this process, the Board considers whether the Board as a whole has an appropriate level of sophistication, skill and business acumen and the appropriate range of experience and background.

Communications Between Stockholders and the Board of Directors

Stockholders may send communications to the Board. Communications should be addressed to the Secretary of the Company at 717 Texas Avenue, Suite 3100, Houston, TX 77002. The Secretary of the Company will forward any communications received directly to the Board.

The Company has adopted a code of ethics, as required by federal securities laws, which applies to, among others, its directors and officers. A text-only version of the Company's code of ethics is available on the EDGAR Database on the SEC's internet web site at www.sec.gov. In addition, copies of the code of ethics may be obtained from the Company free of charge at (877) 657-3863.

OTHER MATTERS

The Board knows of no other matters that are intended to be brought before the meeting. If other matters are properly presented at the Annual Meeting, the proxies named in the enclosed form of proxy will vote on those matters in their sole discretion.

MORE INFORMATION ABOUT THE MEETING

Outstanding Stock

At the Record Date, the Company had 10,358,335 shares of common stock issued and outstanding.

To the knowledge of the Company's management:

- As of March 31, 2012, two entities held beneficially more than 5% of the Company's outstanding Common Stock.
- As of March 31, 2012, no directors owned 1% or more of the Company's outstanding Common Stock.
- As of March 31, 2012, officers and directors of the Company owned, as a group, less than 1% of the Company's outstanding Common Stock.

How Proxies Will Be Voted

All proxies solicited by the Board of Directors that are properly executed and received at or prior to the Annual Meeting, and that are not revoked, will be voted at the Annual Meeting. Votes will be cast in accordance with the instructions marked on the enclosed proxy card. If no instructions are specified, the persons named as proxies will cast such votes in accordance with each Board's recommendations. The Company knows of no other matters to be presented at the Annual Meeting. However, if other proposals are properly presented at the Annual Meeting, the votes entitled to be cast by the persons named as proxies on the enclosed proxy card will cast such votes in their sole discretion.

How to Vote

If your shares are held in "Street Name" by a broker or bank, you will receive information regarding how to instruct your bank or broker to cast your votes. If you are a stockholder of record, you may authorize the persons named as proxies on the enclosed proxy card to cast the votes you are entitled to cast at the meeting by completing, signing, dating and returning the enclosed proxy card. Stockholders of record or their duly authorized proxies may vote in person at the Annual Meeting. However, even if you plan to attend the Annual Meeting, you should still return your proxy card, which will ensure that your vote is cast should your plans change.

Expenses and Solicitation of Proxies

The expenses of preparing, printing and mailing the enclosed proxy card, the accompanying notice and this proxy statement, tabulation expenses and all other costs in connection with the solicitation of proxies will be borne by the Company. The Company may also reimburse banks, brokers and others for their reasonable expenses in forwarding proxy solicitation material to the beneficial owners of the Company's shares. In order to obtain the necessary quorum at the meeting, additional solicitation may be made by mail, telephone, telegraph, facsimile or personal interview by the Company's representatives, Kayne Anderson, the Company's transfer agent, or by brokers or their representatives or by a solicitation firm that may be engaged by the Company to assist in proxy solicitations. If a proxy solicitor is retained by the Company, the

costs associated with all proxy solicitation are expected to be approximately \$5,000. The Company will not pay any of its representatives or Kayne Anderson any additional compensation for their efforts to supplement proxy solicitation.

Dissenters' or Appraisal Rights

Stockholders do not have dissenters' or appraisal rights.

Revoking a Proxy

At any time before it has been voted, you may revoke your proxy by: (1) sending a letter revoking your proxy to the Secretary of the Company at 717 Texas Avenue, Suite 3100, Houston, TX 77002; (2) properly executing and sending a later-dated proxy to the Secretary of the Company at the same address; or (3) attending the Annual Meeting, requesting return of any previously delivered proxy, and voting in person.

Broker Non-Votes

Broker non-votes occur when a beneficial owner of shares held in "street name" does not give instructions to the broker holding the shares as to how to vote on matters deemed "non-routine." Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker holding the shares. If the beneficial owner does not provide voting instructions, the broker can still vote the shares with respect to matters that are considered to be "routine," but cannot vote the shares with respect to "non-routine" matters. Under the rules and interpretations of the NYSE, "non-routine" matters are generally matters that may substantially affect the rights or privileges of stockholders. The ratification of the selection of the independent registered public accounting firm is generally considered to be "routine," and brokers generally have discretionary voting power with respect to such proposal.

Quorum and Adjournment

The presence, in person or by proxy, of holders of shares entitled to cast a majority of the votes entitled to be cast (without regard to class) constitutes a quorum for the purposes of the Annual Meeting. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present at the Annual Meeting. If a quorum is not present in person or by proxy at the Annual Meeting, the chairman of the Annual Meeting may adjourn the meeting to a date not more than 120 days after the original Record Date without notice other than announcement at the Annual Meeting.

INVESTMENT ADVISER

KA Fund Advisors, LLC is the investment adviser for the Company. Its principal office is located at 717 Texas Avenue, Suite 3100, Houston, TX 77002.

ADMINISTRATOR

Ultimus Fund Solutions, LLC (the "Administrator") provides certain administrative services for the Company, including but not limited to preparing and maintaining books, records, and tax and financial reports, and monitoring compliance with regulatory requirements. The Administrator is located at 225 Pictoria Drive, Suite 450, Cincinnati, OH 45246.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g. brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing

the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

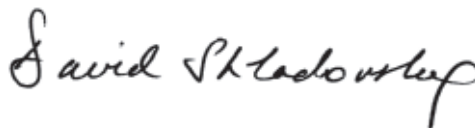

This year, a number of brokers with account holders who are the Company’s stockholders will be “householding” its proxy materials. These brokers will deliver a single copy of the proxy statement and other proxy materials to multiple stockholders sharing an address unless the brokers have received contrary instructions from the affected stockholders. If you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate copy of proxy materials and annual report, please notify your broker. Stockholders of the Company sharing an address who currently receive multiple copies of proxy materials and annual report of the Company at the same addresses and would like to request “householding” of their communications should contact their brokers.

STOCKHOLDER PROPOSALS

The Amended and Restated Bylaws currently in effect for the Company provide that in order for a stockholder to nominate a candidate for election as a director at an annual meeting of stockholders or propose business for consideration at such meeting, which nomination or proposal is not to be included in the Company's proxy statement, written notice containing the information required by the current Bylaws must be delivered to the Secretary of the Company at 717 Texas Avenue, Suite 3100, Houston, TX 77002, not later than 5:00 p.m. Central Time on the 120th day, and not earlier than the 150th day, prior to the first anniversary of the date of mailing of the notice for the preceding year's annual meeting; *provided, however* that in the event that the date of the annual meeting is advanced or delayed by more than 30 days from the first anniversary of the date of the preceding year's annual meeting (and in the case of the first annual meeting of stockholders), notice by the stockholder to be timely must be so delivered not earlier than the 150th day prior to the date of such annual meeting and not later than 5:00 p.m. Central Time on the later of the 120th day prior to the date of such annual meeting or the tenth day following the day on which public announcement of the date of such meeting is first made.

Accordingly, a stockholder nomination or proposal for the Company intended to be considered at the 2013 Annual Meeting must be received by the Secretary of the Company on or after December 26, 2012 and prior to 5:00 p.m. Central Time on January 24, 2013. However, under the rules of the SEC, if a stockholder wishes to submit a proposal for possible inclusion in the 2012 proxy statement pursuant to Rule 14a-8(e) of the 1934 Act, the Company must receive it not less than 120 calendar days before the anniversary of the date the proxy statement was released to stockholders for the previous year's annual meeting. Accordingly, a stockholder's proposal under Rule 14a-8(e) must be received by the Company on or before January 24, 2013 in order to be included in the proxy statement and proxy card for the 2013 Annual Meeting. All nominations and proposals must be in writing.
